AN ACT relating to public safety; requiring the testing of a blood sample for the presence and quantity of any controlled substance under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

1 Existing law provides that a driver shall be deemed to have given his or her
2 consent to an evidentiary test to determine the concentration of alcohol in his or her
3 blood or breath or to determine whether a controlled substance, chemical, poison,
4 organic solvent or another prohibited substance is present, if such a test is
5 administered at the request of a police officer having reasonable grounds to believe
6 that the driver was driving while under the influence of intoxicating liquor or a
7 controlled substance or with a prohibited substance in his or her blood or urine or
8 that the driver engaged in another prohibited act. (NRS 484C.160) **Section 1** of this
9 bill provides that upon the request of the arresting officer, a sample of blood
10 obtained pursuant to an evidentiary test must be tested for the presence and quantity
11 of any controlled substance.

12 Existing law provides that in all cases in which a death has occurred as a result
13 of a crash involving a motor vehicle, a blood sample must be drawn from each
14 decedent involved in the crash to be analyzed for the presence and concentration of
15 alcohol. (NRS 484C.170) **Section 2** of this bill provides that the blood of the
16 decedent must also be tested for the presence and quantity of any controlled
17 substance.
